INTERNATIONALIZATION STRATEGY

of State Higher Education Institution
«Donetsk National Technical University»
for 2018-2025

Pokrovsk 2017
Donetsk National Technical University has demonstrated over the last years its level of commitment to the internationalisation of higher education.

The strategic objective of the University's international activities is further integration of the University into the world educational and scientific space and the implementation of the innovative world-wide methods of organization of the educational process and scientific research in the university.

Implementation of the strategic objective of the international activities of the University requires performing the following tasks:

- Establishing contact with education institutions, scientific institutions, enterprises and organizations from foreign countries. Concluding agreements, implementing international agreements on cooperation and joint international projects.

- Promoting international academic mobility of students, scientific, pedagogical and other staff within the framework of international agreements concluded by the University with education and scientific institutions from foreign countries. Facilitating postgraduate and doctoral students to have internships abroad by establishing cooperation with foreign universities. Introducing programs of professional internship for postgraduate students in foreign companies.

- Implementation of existing joint dual degree programs with partner universities and launching some new ones. Promoting students’ participation in the double diploma programs. Participation in such international systems as Eurobachelor and Euromaster.

- Facilitating participation of scientific and pedagogical staff of the University in international projects of academic exchanges of teachers and scientists. Inviting leading scientific and pedagogical staff from foreign higher education institutions in order to give lectures.
trainings, seminars, etc. Facilitating teaching abroad for scientific and pedagogical staff of the University within the framework of international grant programs but not limited to them.

- **Facilitating doing Master's and Ph.D. in English.** Improving the students' level of the foreign languages (the English and German languages) as well as the one's of the university's scientific and pedagogical staff. Inviting foreign volunteers to teach at the University. Improving the quality of the language training for students in order to involve them in international academic mobility programs.

- **Encouraging the scientific and pedagogical staff and students of the university to apply for international grants in order to complete educational programmes and do research.** Creating opportunities for external financing through establishing a system of internal grants. Attracting foreign funds for financing scientific projects of the university. Participating in international projects and programmes for the relocated universities.

- **Improving the cooperation of the University with embassies, consulates and other representatives of foreign countries and international organizations in Ukraine.** Hosting the days of culture of foreign countries, the day of Europe and joint events.

- **Becoming a member of associations and international alliances of higher education institutions.**

- **Creating opportunities for the University to hold a high position in the world ranking.** Intensification of the information and advertising activities in order to improve the international image of the University.

In these partnerships, DonNTU will actively focus on establishing more connections with highly ranked universities, creating additional value for student exchange, joint education and joint research. Bilingual programmes will be the norm. Internationally, the performance of our researchers and students will be widely recognised. There will be international students at DonNTU.
